Hello, IROMH AFRICA FAMILY!

Welcome Note

Greetings,

We welcome you to the IROMHA family, we are happy to have you here and look forward to a long and exciting journey together and once again thank you for extending your efforts to our great initiative. For more information on IROMHA

Visit our website <http://iromha.org>

Facebook page. <http://facebook.com/iromhtoyou>

This week's projects

We are excited to announce our weeks project which has been lined up for selous.

This week Monday 12 March to the 16th of March we are geared up for a school visit in selous. This love drive is aimed at sanitary pad distribution and a health chat with the students of Saruwe secondary school. Our aim as an Organisation is to keep girls in school since the majority miss class when they are in their menstrual period due to lack of resources to control this situation.

Our Sanitary pad distribution will be facilitated by our all time dedicated trustee and donor Ms Molithar Havnar and her team.

Special announcement

We are proud to announce our successful completion of our January Mentorship session that attracted over 256 Youth across Africa.

The event had a positive response and we brought about change in many peoples lives.

The event was on Transparency and good governance.

A number of youth from Zimbabwe and Kenya have already stated their own community based organisations using the lessons learnt.

It is an exciting journey that we have embarked on and we are a proud IROMHA family.

The pdf on the January session (LEADERSHIP ON TRANSPARENCY AND GOOD GOVERNANCE) IS available on our website.

We are opening office in Harare, further details will be announced in due course.

Thank you once again FAMILY

**Kind regards,
Admire Matupire Administrator**
