

# I REACH OUT MY HAND AFRICA

since 2009

17-JULY-2023

## Donation Drive

Do you have donations that need sorting through and to be dropped at various charities?

We will collect from (almost) anywhere, sort your donations into age groups/size and distribute to organizations, charities and communities that are serving worthy beneficiaries.

I REACH OUT MY HAND AFRICA with ZIMBABWE CARES NETWORK

*I Reach Out My Hand  
Africa*

## "It's Hands on Time!"

To alter the very negative fabric in our communities, we have to come as one and lend a helping hand. That is what we are ABOUT.

In this newsletter we share our journey in the past 3 months since we started the donation drive. The great support that we have received and the ever increasing number of beneficiaries.

Since our partnership with Zimbabwe Cares Network, our organization now bears a great responsibility of distributing donations not only to our local community but now we take care of other organizations and charities with worthy beneficiaries. Our team receives, sorts, and distributes where a need is identified. This partnership means we are reaching out to more beneficiaries than before. We have recently identified a new group of beneficiaries in the Selous area and we are excited to give aid where necessary.

In early June a donation of blankets was delivered with local charities being visited. Currently, we are distributing clothes and shoes to children in the rural communities and having an extra consignment for our elders who are living alone with no care givers.

We however have run short on clothes for boys as we have more for girls :-)
